The success of the [CAPITOP](#) in Doha - Qatar

[ASPETAR](#) is one of the world's leading orthopaedic and sports medicine hospitals. Through the delivery of excellence in sports medicine, physiotherapy, sports science, orthopaedic surgery and rehabilitation, Aspeter services the needs of football and Sports Clubs and Federations, and regularly services international athletes and professional sportspeople (Rafael Nadal, Novak Djokovic, the football players of the Paris Saint-Germain...).

The hospital has its own kitchen managed by the French Chef David Sosson. He chose to equip his kitchen with a CAPITOP, the unique piece of equipment that combines a kettle with a removable mixing arm and a multipurpose bratt pan.

In the restaurant, he proposes an à la carte menu and a caterer menu from 100 to 150 covers. The CAPITOP allows him to prepare these two kinds of menu, thanks to the kettle and the bratt pan. "Indeed, if I have to prepare one hundred meals, I can easily and quickly use my recipes with this compact appliance which takes up little space", Davis Sosson says.
