Ng teng fong general hospital in Jurong, a brand new public hospital in Singapore, consisting of 700 beds, is the first hospital which uses cook chill technology in Singapore implemented by *Électro*

With a substantive purpose in mind: to serve the patient [seamlessly, comfortably and efficiently](#). Every aspect of the hospital has been planned to be [patient-friendly](#), with special attention to the patient well being from admission to recovery.

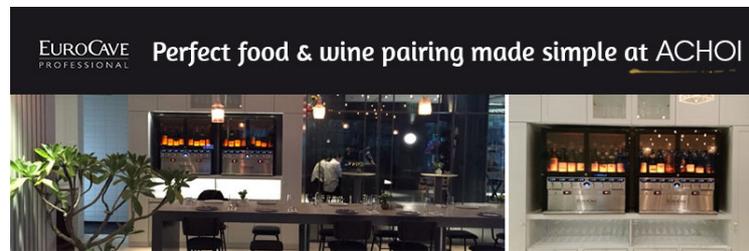

*Électro Calorique* supported the hospital program and came up with [a specific solution of food distribution systems](#) in order to meet halal and non halal food

processes while combining performance and ergonomics from the kitchen to the wards.

In choosing the latest medical, transport (AGV) and food processes technologies [the hospital has managed to build a strong reputation in Asia Pacific.](#)

Launched in 2015, [amba Taipei Zhongshan](#) is an extension of the "amba" collection, the next-generation concept hotel collection by Taiwan's Ambassador Hotel Group to celebrate 50 years of luxury hospitality.

Located at the centre of the restaurant are two elegant yet efficient equipments - [VOV3e](#) - the wine by the glass dispensers by EuroCave Professional. Thanks to this installation, guests are given the option of tasting different wines that best accompany each cuisine free from the restriction of having to order a full bottle at traditional restaurants. The wine by the glass dispensers provide [freedom of choice to the guests of Achoi](#) and enables [perfect matching of food and wine](#) which enhances flavors and [enjoyment of the dining experience.](#)

[ACHOI](#), the beautiful contemporary restaurant located on the main floor of [amba Taipei Zhongshan](#), is designed for sharing good food and great company. Its open kitchen concept allows the guests to see the care and passion that is put forth in making an exceptional meal. In order to offer a sophisticated yet relaxed dining experience, this trendy place also adopts the Western dining [concept of pairing delicious food with fine wines.](#)

[GO TO EUROCAVE](#)

Rosinox has recently installed in one of the the oldest luxury hotel, [the Kempinski Dubai Mall](#), [a special custom made](#)

Thanks to close support provided to locally bases UK consultant and strong dealer, Rosinox managed to win this

square metres of Kempinski Hotel Mall of the Emirates, which opened in April 2006 as the first property of the hotel chain in the bustling city of Dubai.

Kempinski Management as well as Executive chef are delighted to work with Rosinox Equipment and said "we would recommend it to whoever is looking for robust, powerful and reliable equipment".

After such a good welcome, why not to share the unique Levantine Cuisine, the true traditional cuisine in the Levant region, known in Arabic as the Bilad ash-Sham or Land of the North, which today spans Jordan, Lebanon, Palestine, Syria, southern Turkey and Cyprus.
