The iconic Radisson Blu Hotel 2 Février at Lomé, main city of Togo, rose from the ashes to front line the Togolese hospitality world with its 5 stars. It has been given a full refurbishment and is all set to welcome you to its 320 rooms and 64 suites. Your taste buds are in for a treat in its many bars and restaurants.

With a great many prestigious African projects already to its name, among which Abidjan, Bamako Libreville, the made in France stainless-steel equipment producer Tournus was once again chosen to fit out the buffets and kitchens.

Thanks to its extensive range combining French production quality, elegance, design and controlled costs, Tournus Equipement provides an all-round solution with cold chamber storage, hygiene, hot and cold preparation areas and temperature holding for the catering department.

Its high-end hotel buffet expertise is backed by a design and drawing office with manpower of 15.

France Kitchen, the turn-key contractor in charge of the project did a wonderful job, in close liaison with the Rezidor Group (one of its close partners in Africa for several years), by handling the design of complete project, planning and installation in several areas and on six different floors. Across from Japan's Imperial Palace Gardens, Palace Hotel Garden is one of the most prestigious hotel in Tokyo, five-stars awarded by Forbes Travel Guide 2016.

culinary experience: a busy space all-day long that requires reliable high-performance equipment.

No doubt, Palace Hotel Garden made the right choice through its local roaster Key Coffee, and strong advices from local subsidiary UNIC JAPAN, with a **TANGO S DUO** combined to a refrigerated module to serve coffee drinks from coffee beans and fresh milk. With an average monthly coffee consumption of 170kg, the **TANGO S DUO** is the new featured equipment of the main dining area at the Grand Kitchen, and delights everyday customers of this amazing palace.
