Enodis Productions met culinary requirements of Maroun CHEDID [who wanted to successfully combine electricity, gas, induction and cold.](#) Open in April 2019, [his kitchen provides a cooking island Enodis Productions with hob, induction plates, heating drawers, water bath, water tank, refrigerated under counter, combi steamer and more.](#)

EuroCave is now having a corner at Harrods, the famous luxurious department store, to increase its visibility and control its brand image.

What are the benefits of this “corner concept”?

- capture the natural traffic from Harrods, a temple of luxury shopping but also a major tourist destination due to its architecture
- capitalise on the high-end image of Harrods
- optimise the staging of the brand with a space dedicated to our image
- offer the best shopping experience to the customers

A win-win deal With this installation at Harrods, EuroCave ensures its exclusive brand positioning and accesses a deep pool of qualified customers. Harrods, for its parts, strengthens its expertise in the field of the art of living thanks a recognized and reliable partner, able to seduce its customers.

and plays !

Friginox, French manufacturer, has supplied this year two major cricket stadium in Australia. MCG In Melbourne is one of the biggest stadium in the world and has renewed with Friginox blast chillers, which were first installed in 2004. Our reliable local partner has perfectly installed 4 units model MX 29 STS with 160 Kg capacity each.

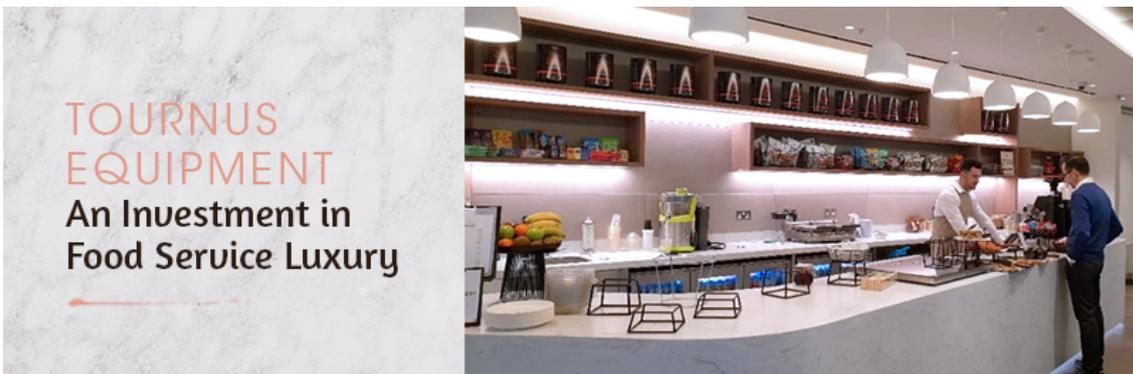

Second major project was in Perth with 5 Friginox blast chillers, same model and capacity.

Due to production requirements and number of meal served, customers were looking for reliable products and granted performances. Friginox strong points are these...

Due to last, which will be the next !
