Tournus Equipement is spinning its web in the middle-east

[More infos at bottom of the page](#)

In 2019, Asia has been the 1st export market for Adventys with a record breaking order of 600 units to equip Family Mart convenience stores in Malaysia; The extent of the project demonstrates the high interest in Adventy's products and technology taken by Asian companies.

We would like to thanks our local partners D&S Export, Pure Support and Allied, for their trust and business.

Adventys is proud to export its Made In France technology in the Asian continent.

After a string competitive analysis, Family Mart selected the model "GLN 3500 watts" – a 1 zone induction counter top. Family Mart uses this equipment 24/7 for an all-day serve of their delicious well-known Oden made on the spot.

go for CHARVET quality

It's in [Olivia Business Center](#) (Gdansk, Poland), where the restaurant "[Arco](#)" by [Paco Perez](#) has chosen a Charvet. A customized modular island with a single top will accompany its team in all future endeavours.

The region in permanent economic and industrial growth, today, prefers to rely on durable and sustainable equipment.

Beautiful view from the 33rd floor inspires the most daring gastronomic experiments. Being equipped with a 900 deep Charvet range, this place shows a combination of modern approaches and classic traditions.

DANUBE renewed
a hospital laundry
in St Pierre & Miquelon

A new installation has been achieved with latest generation of Danube barrier washers at Hospital François Dunant to replace the former ones. The main concern is [to maintain an absolute hygiene to avoid nosocomial infections through badly decontaminated linen.](#)

[Barrier washers](#) provides all features to [wash hospital linen](#) according to its degree of soiling. Sorting and decontaminating begin with a barrier washer: three different capacities have been installed to better handle the linen. These new range of barrier offer more features with new ET2 control and more ergonomics.

as barrier washers which should be installed through a sanitary wall. Danube is exclusively working with a network of dealers who provide a proper installation and maintenance.
